

# Help where you need it most

JENNIFER  
PORCHER  
consulting

Your business is important and it's worth giving the time, focus and attention needed to operate at its best.

With 15 years of experience in leadership and operations, Jennifer has insight and understanding of how people and systems work. She provides the right tools that help Leaders & Teams come together, regain focus, and build successful businesses.

## Business Consulting

- Identify areas for improvement in the business
- Assess financial expectations and set performance goals
- Analyze systems and employee integration
- Design a clear business plan

## Executive Coaching

- Present outside perspective to reduce vulnerability
- Develop strengths, improve weaknesses
- Identify and leverage individual employee contributions

## Management Training

- Give Managers the tools to be successful
- Strengthen leadership principles and company values
- Improve Leaders' awareness and impact on their Teams
